

DISCUSS ITALY'S CLAIMS TO THE ADRIATIC COAST

Experts to Probe Notes Uresented by Hun Delegation

(By the Associated Press.)

A conference between Baron Sonnino, Italian foreign minister, and Col. E. M. House of the American peace delegation, regarding Italy's claims to Fiume and the Adriatic Coast, and a meeting of the council of four at which the notes presented by the German peace delegation concerning prisoners of war and labor were turned over to experts for investigation and the completion of the task of defining the new boundaries represented the entire activities in peace conference circles in Paris Monday.

The result of the conversation between Baron Sonnino and Colonel House has not been made public. Dispatches from Rome indicate the Italian population is becoming restive after having learned that the report of last week that Italy's claims to Fiume had been settled was erroneous.

Added to this irritation is dissatisfaction because Italy was not mentioned as one of the parties to the proposed Anglo-Franco-American alliance; the question of the division of Austria's merchant marine; the treaty provision with Germany that the three principal powers are sufficient to ratify the treaty and other matters in which the Italians feel they have been slighted.

While the Austrian delegates are well on their way to St. Germain-E-Laye, there to be informed of the conditions for peace which are to be imposed upon their country by the allied and associated powers the Germans at Versailles are still busily engaged in examining the peace treaty. In addition to the six minor members of the delegation who left Versailles for Berlin late last week, two of the more prominent members, Herr Geisberts and Landauer have gone to Germany, evidently with the purpose of conferring with the German government. From Germany come reports of continued dissatisfaction over the peace terms. Retaliation that it will be impossible to carry out the provisions are heard everywhere. Demonstrations of protest have been held in Berlin and other cities.

Friedrich Ebert, president of Germany has announced that he is standing on President Wilson's thirteen points for peace. Ebert alluded to the peace treaty as a "monstrous document," which he said, "holds no precedent in determining completely to annihilate vanquished peoples."

German government troops are still after radical elements. They have seized Leipzig, one of the last strongholds of the Spartans. A state of siege has been proclaimed.

Early June has been tentatively chosen for the commencement of the withdrawal of American troops from North Russia. The Americans have not been engaged in fighting of importance for months.

Recognition of Korea as an independent state and the liberation of the country from Japan has been requested of the peace conference in Paris.

ORGANIZE NEW UNION.

New York, May 12.—Paul A. Vascarelli, who was recently deposed from the vice-presidency of the International Longshoremen's association, announced tonight that twenty locals of the union had withdrawn and organized the river front workers' affiliation of which he has been elected president.

He said the new organization has 28,000 members and controls nearly all of the piers in Greater New York.

FRANCE IN NO MOOD TO LISTEN TO HUNS

PARIS, Sunday, May 11.—(French Wireless Service.)—France is not in a mood to listen to Germany just now, the Journal Des Debats says in concluding an article on the manifestations against the peace treaty by the German government and the German press.

"The president of Germany," the editorial says, "protests against the peace terms and declares them impossible. This attitude will be lost on us. The Germans as usual will yield only to force. They will try to persuade us to conclude peace upon such a basis."

"It is comical to see at a time like this the Germans seriously proposing to us a version of the league of nations and plans for the reconstruction of Europe. They should put their all back in the cabinet at Wilhelmstrasse."

SET DATE FOR MARCH.

Paris, May 12.—A triumphal march of the allied armies thru Paris will take place June 6, according to the present understanding. The event will occur at that date, it is believed even should the peace treaty not have been signed at that time.

Protest Against Signing of the Peace Treaty

BERLIN, Sunday, May 11.—(Via London—Big demonstrations against the signing of the peace treaty by Germany were held today in Berlin, Breslau, Danzig, Königsberg, Cassel, Bochum and other places. The demonstrations were organized by the national people's party.

"If this treaty comes to pass I will bring up my children in hatred," said Deputy Traub, speaking in Berlin.

Dr. Gustav Stresemann, one of the people's party leaders spoke in protest against the demand for the surrender of former Emperor William. If the German people complied with it, they would be without shame or honor, he declared.

Suggest Campaign.

Berne, Switz., Sunday, May 11.—(French Wireless Service.)—Press comment and other news concerning the peace treaty as sent here by the German semi-official news agency suggest that a campaign has been started to incite German public opinion against acceptance of the treaty, or perhaps, which is more likely, to give Count von Brockdorff-Rantzau manufactured popular support on demands he may make for alleviation of the peace terms.

The closing of the stock exchange in Berlin, Frankfurt and elsewhere and the government appeal for a "week of mourning" is taken here to indicate that there is a well co-ordinated movement to influence the German people.

Unfolds New Banner.

Berlin, Sunday, May 11.—(By the Associated Press.)—Germany has seized and unfurled a new banner on which are inscribed President Wilson's fourteen points, which the president apparently has deserted," said Friedrich Ebert, the German president, in a statement to the Associated Press today.

President Ebert called the peace treaty a "monstrous document," he declared that history holds no precedent for such determination to annihilate completely vanquished peoples.

President Ebert declared that the world's youngest republic in the hour of greatest peril had weighed its overseas big brother and found him wanting.

In a statement intended primarily for the American people which he designated, a moral declaration of war upon all that remains of the old system of international politics, the first president of the German republic discussed with outspoken frankness the peace situation the state of the German people and the prospect of the immediate future.

DISTURBANCE DELAYS TRANS-OCEAN FLIGHT

TREPASSEY, N. F., May 12.—If Commander John H. Towers, director of the navy's trans-Atlantic flight planned a "hop off" today of the NC-1 and NC-3 for the Azores, a disturbance prevailing late today compelled him to change his mind.

Commander Towers is maintaining silence with regard to his plans for the start merely saying he would like to have the NC-1 join the trans-Atlantic flight but that he is unwilling to sacrifice favorable weather in waiting.

DR. HORACE REDDISH RETAINS COUNSEL

JERSEYVILLE, Ill., May 12.—Dr. Horace A. Reddish under arrest charged with the murder of his wealthy father Stephen M. Reddish today retained attorneys to defend him. He previously had announced he would be able to prove his innocence without the advice of counsel. His attorneys refused to discuss the case.

County officials tonight announced they were working on clues which may lead to the arrest of four or five other persons and to the exoneration of Dr. Reddish. Dr. Reddish probably will be given a preliminary hearing tomorrow it was said.

EXPECT PRESIDENT'S MESSAGE TO BE SHORT

PARIS, Sunday, May 11.—(By the Associated Press.)—President Wilson's message which will be sent to congress May 19 is expected to be short. It is said it will not submit the complete text of the peace treaty or the proposed Franco-American engagement for joint military action against Germany these subjects being reserved for personal presentation on the president's return. It was said the president's future plans were unchanged and dependent upon the signing of the treaty.

BATTLESHIP BRINGS TROOPS

Boston, May 12.—The Battleship Georgia arrived today from Brest with 1,428 officers and men. With the exception of ten casualties the troops were members of the 121st field artillery regiment and hailed from the midwest.

All were transferred immediately to Camp Devens to be sent later to Camps Grant, Dodge, Dix, Upton, Pike, and Custer for discharge.

GERMANS MUST ACT ON TREATY AS IT STANDS

Allied Position as Disclosed, Provides for No Middle Ground

LONDON, May 12.—(Via Montreal)—Reuter's limited learns that in the event of Germany not signing the peace treaty, which is regarded as unlikely all military arrangements have been made for the allied armies to advance in exactly the same way as they would have done had Germany not accepted the armistice terms.

BULLETIN

PARIS, May 12.—(By the Associated Press.)—The first exchange between Count von Brockdorff-Rantzau and the allies was considered as a preliminary skirmish to the main battle and as disclosing the allied position, as in effect:

"Accept the treaty as it stands or reject it, one of the other as there is no middle ground." This was the prevailing view today at the four notes had been analyzed. The head of the German delegation also was thought to accept this construction. Reports were that he was giving his attention to the formulation of a treaty which he would present as a counter-project in about five days instead of seeking to amend the terms of the allied treaty.

Since the foregoing was written, however, the two additional notes by Count von Brockdorff-Rantzau were dispatched.

This counter-treaty would be treated the same as the German plans for a league of nations neither of which will be considered, the only question being the acceptance or rejection of the allied treaty.

The German project for a league of nations, which the reply to Count von Brockdorff-Rantzau had been referred to a committee had not reached the committee on the league of nations today. It was said it was generally known to have been drawn by Prof. Scheufling of the German delegation and that it was in the form of a general system on the merits of a world parliament which would seek to bring about the proportionate limitation of armaments of all nations alike on sea as well as on land and an equality of economic conditions bringing about a sort of economic brotherhood. "The project," a member of the committee said, "has only academic interest, as the committee will not examine or consider it, for it has no purpose to let the Germans confuse the allied project which has unanimous support."

CAPT. RYMAN ONE OF FIRST TO FALL

UNION, N. H., May 12.—Captain Herbert R. Ryman, of Mount Pleasant, Ill., whose name was announced Saturday by the War Department, in the list of officers and men of the American Expeditionary Forces to be awarded the distinguished service cross, by General Pershing, for acts of heroism, was one of the first men in Logan county to be killed in action. He also was one of the first men in the county to enlist in the medical corps. The D. S. C. will be given to his widow.

TO RETURN TO WORK

New York, May 12.—The 9,000 striking employees of the American Railway Express company at a meeting today voted to return to work leaving adjustment of their grievances to their committee and officials of labor department of the railroad administration. The decision was reached after the strikers had listened to addresses by government representative, American Federation of Labor officials and representatives of the express company.

MODIFY REGULATIONS

Washington, May 12.—To facilitate inter course between the United States and Mexico, passport regulations have been modified by the state department. The modifications provide that residents of either country may obtain permit cards which will not allow the holder to cross the border but to visit the interior of the other country in emergency cases.

WILSON HOLDS CAUCUS

PARIS, May 12.—(By the Associated Press.)—President Wilson spent some time today with the American commissioners who have been considering the various phases of the peace treaty. It was pointed out that there are so many points of similarity between the Austrian and German treaties that an enormous amount of time would be saved by preparing the document relating to Austria at once.

The Adriatic question was taken up today, in addition to other matters before the council of four.

ARTILLERYMEN LAND.

New York, May 12.—The 319th field artillery complete of the 82nd or "All America" division landed from the Transport Alaskan and were sent to Camp Upton.

Discuss Plans To Organize New Senate

Allied Position as Disclosed, Provides for No Middle Ground

WASHINGTON, May 12.—Republican senators continued today to discuss plans for organization of the new senate preparatory to the meeting of the party caucus Wednesday. The conference centered about the appointment of progressive group to the selection of Senators Penrose of Pennsylvania and Warren of Wyoming as chairman of the Finance and Appropriations committees respectively.

Leaders of both the regular and the progressive groups tonight said the situation was unchanged.

Senators considered as belonging to the regular group asserted that but two or three progressives would carry their attack to the floor. The progressives said they did not know how many of them "would go the limit."

Senator Borah of Idaho said he would "never vote for Penrose." He added he was unable to speak for the others, who declined to discuss the matter.

The progressives were said to have admitted their willingness to support Senator Smoot of Utah for the appropriations committee but refused to favor him as president. The Utah senator was understood among both groups will not to seek election as president pro tem Senator Johnson of California, and Lenroot of Wisconsin, were mentioned by the Progressive as acceptable to them for president pro tem.

Formal notice of the attitude of the Progressive group was given to Senator Lodge of Massachusetts, Republican leader, by Senators Borah and Johnson. Later the progressives met to canvass the situation but adjourned after a brief meeting until tomorrow.

TWO HUN DELEGATES LEAVE VERSAILLES

VERSAILLES, May 12.—(By the Associated Press.)—Herr Geisberts and Herr Landsberg, of the German peace delegation, accompanied by a number of secretaries will leave Versailles tonight for Berlin.

May Not Return.

Berlin, Sunday, May 11.—(By the Associated Press.)—Karl Liegen and ministers Landsberg and Geisberts left Versailles last night for Berlin, according to reports received after Herr Liegen, a labor leader, had a conference with Count von Brockdorff-Rantzau.

It was said the three men may not return to Versailles and the delegation there may be reorganized. No political significance is attached to their leaving.

A dispatch from Versailles Sunday said Herr Liegen and two other members of the delegation had returned to Berlin.

WILL CONTINUE SEARCH FOR SEAPLANE

BOSTON, May 12.—Search by the coast guard cutter Ospree for the wreckage of a seaplane sighted Saturday 40 miles east of Provincetown by the destroyer McDermott has been unsuccessful thus far but will be continued as soon as the northeast storm ceases.

The seaplane is thought to be the one which was lost at sea with its crew of three during the flight in connection with the Yankee Division parade here April 2.

PEOPLE STRIVE FOR LOWER FOOD PRICES

BERLIN, Sunday May 11.—(By the Associated Press.)—Amid the excitement incident to the receipt of the peace terms and probably influenced by them, a movement in which the workers are reeling for their demands for higher wages and are striving to induce the government to reduce food prices is gaining ground. The latest organization to adopt this policy is the German railway men's association whose representatives at a conference agreed to abandon demands for higher wages if the government would reduce food prices.

IMPRESSED WITH TREATY

Strasbourg, May 12.—(French Wireless Service.)—Industrial, commercial and political leaders in Strasbourg and Alsace are impressed favorably with the peace terms insofar as they concern the return of Alsace and Lorraine to France. Some commercial leaders of Strasbourg disagree with the economic clauses, particularly with regard to the town of Kehl, across the Rhine. They say Strasbourg will be ruined as a port unless Kehl is joined to Strasbourg for fifteen years and the French are given the right to establish a toll bridge across the river.

ATTACKS AMERICAN M. P.

Nice, France, May 12.—Two American military policemen were attacked by a gang Sunday night and one of the policemen, Herbert Larson, was wounded fatally. Five revolver-wielding point blank at the policemen, three of them striking Larson, who died several hours later. The aggressors have not yet been arrested.

REILLY DISCHARGED.

Camp Grant, Ill., May 12.—Col. Henry L. Reilly, commander of the 149th field artillery was the last of "Reilly's Bucks" to be mustered out of service. Colonel Reilly and other officers of the 149th who remained at Camp Grant to complete the regiment's final records were honorably discharged at noon today.

GRANT 8-HOUR DAY

Rome, May 12.—(Havas.)—By a ministerial decree workers on the Italian railways are granted an eight hour day with one day off duty weekly.

Examine Seven Veniremen In Ford Libel Suit

MT. CLEMENS, Mich., May 12.—The preliminary examination of seven members of the panel by counsel for the plaintiff marked today's progress in the \$1,000,000 libel suit of Henry Ford against the Chicago Tribune. Had it not been for a visit to court by the plaintiff himself the opening day of the trial would be uneventful, but his advent produced the only stir of the day. Mr. Ford, finding that his presence was not necessary remained only a few minutes and then returned to his home.

Mr. Ford's complaint is that on June 23, 1916, the Chicago Daily Tribune in an editorial injured him in his good name, credit and reputation.

The Tribune he alleges did this by calling him "an anarchist," "an ignorant idealist," "an anarchist enemy of the nation" and as being "so incapable of thought that he cannot see the ignominy of his own performance."

Counsel for the Solomon News Company of Detroit which for technical reasons was made co-defendant with the Tribune, gave notice of a motion to change their plea from ignorance that the papers they circulated contained the alleged libel to one of justification, which is the plea made by the Tribune. Hearing on the motion went over until morning and twelve men were called into the jury box. Two were excused forthwith. One because of fainting spells and the other for farn

LOAN LAGELY OVERSUBSCRIBED

CHICAGO, May 12.—The total subscriptions to the victory loan in the seventh federal reserve district tonight was \$762,000,000, according to latest reports to loan headquarters. This is an over-subscription of \$109,500,000.

JUST LEARN A
LITTLE LESSON.

There is no surprise that German people bitterly resent the terms of the peace treaty, but to refuse its terms would only mean the tightening up of conditions. It is true that the German war lords brought their country into its present unfortunate state, but while feeling sorry for the German people it is well to remember

their arrogant attitude in the earlier days of the war. The public sentiment was quite well voiced by the Kaiser in that famous sentence, "I don't propose to stand any nonsense from America."

Then too the letters and papers found in the clothing of the dead German soldiers give ample proof of the cruel and ferocious spirit of the German people back home. The soldiers were urged to loot and pillage, urged to give the hated, French, English and Americans no quarter, "not even the women and children," said many of these letters. It is a terrible penalty that is now to be exacted from the German people but their lesson must be learned and something must be done for those countries who have lost so heavily in both men and money.

THE BOY SCOUT
MOVEMENT.

The designation by President Wilson of Boy Scout Week gives additional recognition to that movement so well worth support and consideration. To many people the Boy Scout movement has seemed a laudable but somewhat visionary undertaking and they have not grasped anything like its whole possibilities or meaning.

The president summed up the great underlying principle of the Scout movement when he said: "Every nation depends for its future upon the proper training and development of its youth. The American boy must have the best training and disciplining our great democracy can provide. If America is to maintain her ideals, her standing and her influence in the world."

The president is urging the extension of this Boy Scout program to every community and the appointment of a committee of citizens to foster it. As already indicated locally the Rotary club has decided to lend its aid to the movement.

THE WAGE
EQUALIZATION MYTH.

One of the favorite visions of the free trade politicians is that thru international labor bureau labor conditions will be placed on the same level thru the world. Anyone who pays much attention to world labor conditions knows that such an equalization is merely a dream. In the United States labor of certain classes is paid dollars where the labor in some of the foreign countries draw cents. The living conditions are so very far apart, the intelligence and education of the American workmen so incomparable with the ignorance of many foreign workers, that the talk about equalizing wages in an international way is nothing but bunk.

THE ADVANTAGE
OF OWNING A HOME.

One million dollars will be loaned to build 500 homes for workingmen, which they may buy at fair prices on the installment plan, according to a report to the Information and Education Service from the chairman of a Government committee in a Niles, Mich., factory. The Service, taking this as a practical example, has prepared figures showing the relative costs of tenantry and home owning.

Applying the entire capital to the building of these homes and the purchase of the land the fair cost to each purchaser would be about \$2,100; and the amount payable in 10 years, assuming the annual payment to be \$210 and the interest rate 6 per cent, would be in all \$2,725. With a tax rate of \$2 per \$100 of full valuation (\$42 a year), 1 per cent or repairs, (\$21 a year), and \$6 for insurance, the monthly cost of buying such a home would be approximately \$28, including every ordinary cost beside covering the usual upkeep of the property. On completion of the payments the monthly cost would not exceed \$7. The rental value of the same property on the ordinary calculation would be about \$27 a month, figured on a basis of 13 per cent of the assessed value and with special costs added.

Moreover, advance in land values may mean rapid advances in rents, a gain if a man owns his own home and a loss if he does

not. A house that rented for \$12 a month 10 years ago may now rent for \$24, and although not a cent's worth of labor may have been expended on it its value has doubled. The home buyer's payment is fixed at the time he buys, and he need not worry about any increase in rent. The only costs that change are taxes and repairs, which the tenant has to pay anyhow.

ITS DIFFERENCE NOW.

Former Senator James Hamilton Lewis has returned from a trip to the west, surprised at the strong opposition he found to the Wilson administration. He declares that the people out there are for any kind of a peace. They want no European entanglements and want their soldiers brought home speedily. Before he became an ex-senator Mr. Lewis would not have been so frank in talking about the conditions he found.

Some of the mortgage investment companies are making strong attacks upon the federal farm loan bank system. They charge that thru this system the favored rich are offered an investment equal to more than 21 per cent and that the farmer who it is proposed to benefit is really benefited at the cost of the public. Some statistics compiled by a congressman go to prove that only one farmer out of every 161 is benefited and that the federal bank operates in such a way that it really costs the American public 70 cents to place each dollar at the disposal of the farmer.

In the midst of all the talk about higher prices and increased living costs, new taxes etc., there is one bright spot. The two cent postage plan is to be resumed July 1st. That will compensate somewhat for that other important happening on July 1st.

GIVING CREDIT TO
PROVIDENCE.

Col. Henry J. Reilly, just returned from overseas, is a firm advocate of preparedness. Based on his observations in Europe, his experience thru months of severe fighting in the war, Col. Reilly does not believe that wars are over. He sees the heat of war merely sleeping and is thus firm in his stand for some adequate system of military training. Col. Reilly has a certain spirit of humility in his references to the war result and those Americans who have been taking too much credit for America will do well to read this leader's declaration that "No man who was on the Champagne battle field will say that the German offensive was stopped for any other reason than that God was on our side."

The colonel served thru every American action and it is his belief that the three German offensives, in March, May and July 1918 failed not because America or the allied armies stopped them, but because they exhausted themselves.

Rippling Rhymes
By Walt Mason

The Wind.

I'm often weary of the wind; I sometimes think it should be tinned (the British word for "canned") it's hard to seem serene and gay with all your whiskers blown away, by winds resistless fanned. I sometimes sit beneath a tree, and take a book to comfort me, and count on happy hours; I'll doze and read, and read and doze, inhale the fragrance of the rose, and other moral flowers. And then there comes a roaring wind, shot from some cavern of the Ind, which blows me from my chair; my treasured volume disappears, and dust is blown into my ears, and sand-burs in my hair. Sometimes I take off hat and shoes; and lay me down to have a snooze, as peaceful as a clam; and then a wind sweeps through the shack, and all the timbers groan and crack, and doors begin to slam. Last eve I set out cabbage plants; a wholesome task like this enchants the sane and normal guy and in the forenoon of this day the wind blew all those plants away; I wept to see them fly. I hear the ladies crying, "Rats!" when they're deprived of costly hats by wayward, wanton blast; and men forget good form and swear when lids are soaring everywhere, and wigs are flying past.

CRUSADER CHORE
RECORDS FOR WEEK

Enthusiasm Shown in Health Work by School Children.

Mrs. Sherman Leavitt, Crusader executive for Morgan county, has practically completed visits to all the schools of the county and found enthusiasm of the most satisfactory kind. Special mention can be made of the splendid health work being done at the Chapin school and it is probable that a delegation will come from that school next Saturday to assist with the Crusade part of the pageant.

The Illinois Arrow is the official health paper and in a recent issue it had the following to say of the work being done here:

"Morgan County in its Jacksonville schools, under the leadership of Mrs. Elizabeth Leavitt and the teachers, is making a wonderful showing. Jacksonville is in the National Health Tournament and bids fair to win a pennant. With six schools out of twelve making a 100 per cent score, it is a record to be proud of—but we would hate to be in the 50 per cent group if Jacksonville fails to win the coveted honor."

Some facts about the chore percentages for the schools for the twelfth week are given below. The names of all children in the Morton school who did 100 per cent or over are indicated, and the same thing is true of the Josephine Milligan school. Next week's report will give the names of all such children in two other schools and this will be continued until each school has been given this opportunity of publishing the names of its 100 per cent health Crusaders for at least one week's work. The chore report follows:

No. of Chores Per Day Per Pupil.
Josephine Milligan school, Miss Hammond, principal, 10.59.
Morton school, Miss Higler, principal, 10.482.
Jefferson school, Miss Cobb, principal, 10.075.
Lafayette school, Miss Paxton, principal, 9.963.
Independence school, Miss Lavelle, principal, 9.853.
Washington school, Mrs. Dunlap, principal, 9.721.
Franklin school, Miss Lusk, principal, 9.54.

The following pupils at the Josephine Milligan school reported 77 chores performed during the twelfth week. Let it be whispered that this means a daily bath!

George Wingler, Floyd Taylor, Luke Birdsell, Nellie Henderson, Reta Henderson, Mildred Hickox, Lula Masters, Viola Miller, Ethel Wingler, Florence Wingler. The following pupils at the Morton school reported 72 chores or over performed in the twelfth week: Grade 1, Miss Sheehan, teacher—Nancy Tormey, George Spencer, Louise Sehy Beatrice Moore, Norma Leith, Ida Harrison, Rose Tremmel, Wier Downs, John Decker, Milner Cook, Grade 2, Miss Stacy teacher—Ethel Carroll, Mary Howe, Fern Howe, Wright Sim, Grade 4, Miss Duffner, teacher—Harold Deters, Louise Leith, Mary Tormey, Edward Cook, Helen Hudson, Grade 5, Miss Higler, teacher—Leroy Barnhart, Frank Campbell, Frank Floberg, Farrell Mitchell, Mina Day, Edna Howe (77), Mary McNamara (77), Millie Todd.

DEATHS

AFRISON.
Sunday at 12:34 noon marked the closing of the long life of Mrs. Christine J. Marshall Armstrong at the old King homestead, 1141 South Main street. Christine J. was the daughter of sturdy English parents, William and Rachael Marshall, who migrated to America in 1831 and settled on a Scott County farm near Winchester. After finishing the common schools of the time, Miss Marshall entered Illinois Woman's College to prepare for her life work of teacher, from which school she graduated in 1859. She taught in the schools of Virginia, Ill., for 12 years, resigning to study the then new Froebel Kindergarten system, at Washington D. C. Afterwards she returned and conducted a primary school where many of our prominent men and women of today attended their first school. She was married Nov. 11, 1886, to George P. Armstrong, of Buffalo, New York, who survives. The following sisters preceded her in death: Mrs. A. C. Wright, Miss Lizzie King and Mary Ellen the latter dying in her youth. She was a member of Grace M. E. church for over 40 years and ever lived a consistent Christian life.

Funeral services will be conducted by Rev. F. B. Madden at her late home 1144 South Main street, and will be held Wednesday afternoon.

PATRIOTIC DRUM CORPS HELPED
Prior to the beginning of the program at the Health Promotion headquarters Monday night the Patriotic drum corps was in evidence. Members of the corps who played last night were Charles DeSilva, Grover Flynn, Danny Vasconcellos Sam Fernandes, Abner King, Allen Fernandes. The men marched all about the business district and passed the Woman's college where the May day crowd was assembled and then played stirring selections in front of the headquarters. Tonight they are to play again and will be at the municipal bonfire at the Billy Sunday lot. Members of the Patriotic drum corps during the past months have been willing to appear on any public occasion and have fully demonstrated their right to the word "patriotic" in connection with their organization.

AMERICAN RED CROSS AIDS BALKAN STATES

Saloniki.—(Correspondence of The Associated Press.)—To meet the great need of clothing throughout the Balkan states, the American Red Cross Commission to the Balkans is sending to Serbia, Rumania, Montenegro and Albania, millions of yards of cloth, thousands of sewing machines, large quantities of thread, needles and buttons and hundreds of tons of old clothing. These things will be apportioned among the countries according to the extent of destitution. The commission is also shipping large amounts of food to various points in the Balkans which have suffered from the German occupation.

"If any one of the Balkans goes unaided," said Lieutenant Colonel Henry W. Anderson, director of Red Cross activities in the near east, "it will be only because we lack the transportation facilities to reach the remotest interior sections. We have gathered millions of pieces of clothing and thousands of tons of food from every nook and corner of Europe and will rush them to those sections of the Balkan States which are most in need. "We have taken over the surplus stocks of relief supplies held by the American Red Cross to Italy. We have also had diverted to our use, for distribution in the Balkan Peninsula, large quantities of material intended for use in France and other countries during the war. One of the principal items is condensed milk, of which we are shipping more than a million cans. This doubtless will save thousands of starving children."

Quicker, Cheaper and Better Hot Water for Every Home

All over the house—every hot water faucet supplied—plenty for the toilet and bath—ample quantities for the kitchen and laundry, and all with very little attention and at a low cost for fuel. You simply connect a

Ruud Tank Water Heater

to your range boiler, light a match and turn on the gas; in a few minutes you have hot water at every faucet. The quick results are made possible by the long copper coil which exposes a large heating surface to the high-power burner.

Unless you have a gas water heater, you are losing time and money. This little heater is thoroughly guaranteed in workmanship and material and will give you many years of steady, reliable hot water service. Let us give you complete details.

When the Ruud comes into your home you immediately begin to understand and appreciate the full measure of loss of time, energy and money that were a part of the old system.

The old argument as to "who gets the first bath" is eliminated; the question of starting up a big fire in order to get a little

hot water is done away with.

In the kitchen there always is unlimited scalding water, the grease-cutting kind that does the work in half the time, by simply turning a faucet.

Late at night, when feeling tired and nervous, a restful, sleep-producing hot bath can be had instantly.

A Ruud is easily attached to the plumbing in your home and when you move the heater goes with you. Unlike the old methods, you do not have to heat a tankful to get a teacupful. Open the faucet and get the hot water, turn off the faucet and the gas is automatically shut off and expense stops.

MAY DAY PAGEANT AT WOMAN'S COLLEGE

Large Company Witnessed "A Spring Pageant in Fairyland" Presented by Young Women of Illinois Woman's College Monday Evening.

One of the best outdoor entertainments ever witnessed by a Jacksonville audience was that of Monday evening, when students of Illinois Woman's college presented "May Day, a Spring Pageant in Fairyland." The college is an ideal spot for such a performance, and a terraced throne with a screen of boughs made a beautiful background for the various dances, all of which were given with the utmost charm and grace. The company which assembled for the entertainment was one of large proportions.

The costumes of the young women were especially worthy of note and these were designed under the direction of Miss Merline Terhune. The music, which contributed so largely to the pleasure of the event was in charge of Miss Laila Skinner. The pianists were Misses Laila Skinner, Helen Tombaugh, Virginia Johnston, Ruth Patten, Majorie Taylor, Evangeline Bishop, Mabel Wyatt, Margaret Seiminger, Melba Hamilton, violinists, Bernice Holback, Estelle Cover and Ruth Syor.

Miss Mabel Weiss was the chairman of decorations and Miss Hazel Frutman, head usher. The May day committee included Miss Maurine Gifford, chairman; Miss Merline Terhune, in charge of costumes; Miss Laila Skinner, music; Miss Zerita Schwartz, business; Miss Vera Wardner, dances; Misses Taylor and Steward, advisers, Miss Mamie Kennedy, publicity.

The opening scene was a beautiful woodland spot with a terraced throne occupying the center. This had been prepared in readiness for the fairies' May day festival, when their king is to crown the loveliest of them all queen of the May. Two "Mortal Children" in dreamland discover their ideal, Beauty, and during their wanderings with her come upon the throne. They are charmed at the beauty of the surroundings and enshrine Beauty as queen. Here the fairy king finds her when he arrives.

Hour chosen for the crowning of the queen of the May. Beauty's charms makes so strong an appeal to the king that he urges her to remain upon the throne during the fairy dances. This she does, while the king occupies a place at her feet.

One group after another of fairies appear and dance upon the sward, the "Meadow Elves," the "Sun Fairies," the "River Sprites," "Spring Flowers," "Pipes of Pan," "Gnomes" and "Sprites of the Wind." The "Sunset Fair" is the last to appear and following her dance the king, after surveying all the fairy folk, decides that none is more lovely than she who occupies the throne. Therefore Beauty is crowned Queen of the May and is led away by the king to his palace where the fairies' annual banquet is in progress.

Miss Zerita Schwartz as Queen of the May was lovely indeed and carried out her part in a perfect manner. Her attendants were Misses Helen Irwin, Louise Reed and Lois Carpenter. The character of King of the Fairies was admirably taken by Miss Mary McGhee. The "Two Mortal Children" were Miss Marjorie Knight and Miss Mary Smyser. Miss Frances Wilkinson as Mab of the Fairies was a general favorite and her dance was one of the most beautiful on the program. The king's party included Misses Maurine Gifford, Bernice Bowen and Eleanor Sherrill; the pages were Misses Jane Parkinson, Georgia Flowers and Margaret Ten Eyck.

The first group of fairies to appear were the "Meadow Elves" artistically arrayed in costumes of white with green ribbon streamers. This group included Esther Harper, Marjorie Deatherage, Alice Haines, Geraldine Desmond, Margaret Davison, Frances Hinchman, Vinita Miller, Helen Tombaugh, Lucy Pyatt, Josephine Brown, Mary LaRue, Lucile Cherry, Helen Chiles, Marie Heff, Huldah Harmel and Olive Randle.

Next came the "Sun Fairies," dressed in yellow. They were Misses Ruby Baxter, Grace Harns, Sylvan Jagles, Viola Lunge-rich, Ada Clotfelter, Margaret Hamilton, Louise Koehn, Inez Gebhardt, Mildred Keys, Mona Ramsey, Estelle Cover, Geraldine Bailey and Mabel Weiss. The "River Sprites," lithe and graceful, were Eva Mae Burd, Kittie Bunting, Estelle Cover, Margaret Kenny, Mildred Mayer, Mary Ellison, Elizabeth Gist, Edna Geiger, Mary Rose Adams, Harriet Keys, Belle Whitaker, Marie Hammond, Mildred Nutt, Helen Bannison, Velma Bain, Dorothy Renley and Harriet Towles.

Misses Helen Harvey and Ver-jel Black as jesters were heartily applauded by the audience, as were the "Pipes of Pan" Misses Viola Lunge-rich, Mona Ramsey, Miriam Siple, Kittie Bunting, Millicent Grieves, and Huldah Harmel.

A group which made an especially charming picture in costumes of green, lavender and yellows was the "Spring Flowers." The group included Misses Gladys Laughlin, Helen Blaisdell, Lore-one Smith, Letha Bunting, Esther Smith, Letha Bunting, Gladys Goodale, Edna Osborne, Ruth Kuss, Gladys Jaquith, Grace Collier, Ruth Coe and Gladys Chase.

In grotesque costume of brown, the "Gnomes" presented a splendid spectacle as they went to the fantastic rhythmic music. This group was made up of Miss Helen Tombaugh, Margaret Da-

Methodist mass meeting was held at Centenary church Sunday night with a large audience present representing the people of Brooklyn, Centenary and Grace churches. Thomas V. Hopper, chairman of the laymen's organization, presided. Special music was furnished by an augmented choir, directed by Hubert Littler, and a union orchestra directed by John Kearns. Judge H. P. Samuel, T. B. Reeve and C. S. Smith spoke as minute men, and addresses summarizing the Centenary movement were made by Rev. E. L. Pletcher, district superintendent, and Dr. F. M. Rule. The ministers of the churches, Rev. W. R. Leslie, Rev. G. W. Randle and Rev. F. B. Madden, all had part in the service. It was an enthusiastic gathering which gave emphasis to the Centenary goals of 1,000,000 intercessors, 1,000,000 Christian stewards, 53,000 life service volunteers, \$105,000,000.

PRIVATE HAIGH DIED AT COBLENZ HOSPITAL

Son of Former Resident Here Served With "Reilly's Bucks" But Succumbed to Disease After Comrades Had Sailed for Home.

Chicago papers make mention of the death of Private Edward Haig, at Coblenz, Germany. He was one of "Reilly's Bucks" who was taken ill just before the 149th field artillery of which he was a member, took passage for home. This news item has special interest to Jacksonville people from the fact that Private Haig is a son of Mrs. Clara Smith Haig, a daughter of Tal Smith, long a resident of Jacksonville. The family lived for many years on South West street.

Many people here remember Mrs. Haig, who graduated from the high school in 1886. Another member of the family, Miss Mittie Smith, married Edward R. Slagle, a cousin of E. E. Crabtree.

Private Haig, who was twenty one years old, went across with headquarters company of the 149th and was later transferred to the 67th brigade headquarters. The grief-stricken parents were preparing to assist in the reception of "Reilly's Bucks" when the news of the death of Private Haig was received in a brief cablegram.

PRECEDENT SMASHED BY GRAND JURY

The Morgan county grand jury summoned for the May term was organized yesterday with F. G. Sims as foreman and Bernard Gause as clerk. The jury has already set a precedent as it was determined by unanimous vote yesterday not to make a semi-annual visit to the Morgan county home. It has been a long established custom for each grand jury to inspect the home and incidentally to participate in the elaborate dinner prepared by the superintendent and his wife. The law does not require such a visit and the members of the present grand jury decided to save themselves the time this trip would take and the county the expense of the dinner.

ADVANCED STUDENTS RECITAL

An advanced students recital will be given in recital hall this evening at 8 o'clock. Those to appear on the program are Eda Gekhoff, Martha Priest, Jerome Henderson, Beatrice Dye, Antoinette Gouveia, Florencia Short, Mary Alexander, Virginia Bullard, Julia Gilman, Eloise Capps, Jeanette Miller.

ALDERMAN CHAPIN IS MAYOR PRO TEM

Fourth Ward Alderman Chosen at Meeting Monday Evening—Thomas, Mayor Objects to Sidewalk Ordinance—Brief Session Held.

At the regular meeting of the city council on Monday evening, Ald. Chapin was elected Mayor Pro Tem. There were no other nominations made and Ald. Chapin was elected by a vote of 5 for one against two absent. Ald. Chapin voting no.

When the time for holding the meeting arrived Mayor Crabtree being out of the city the clerk called the roll showing all present except Aldermen Moore and Williamson. Ald. Moore came in during the proceedings and took his place in the council.

The clerk announced the first order of business was the election of a Mayor Pro Tem. Ald. Chapin was elected Mayor Pro Tem in nomination. There were no further nominations and on roll call Ald. Chapin was chosen and briefly thanked the council for the honor.

The minutes of the last regular meeting were read and approved as read.

Under reports of officers Charles B. Graft presented his report as city treasurer from April 30 to May 5. On motion of Ald. McGinnis seconded by Ald. Cain the report was received and placed on file.

That the city council will soon be having the usual troubles that fall to the lot of all city councils was evidenced by the appearance of Thomas, Mayor, to protest against the laying of a sidewalk in front of his property in North Prairie street.

It seems that Mr. Magnier's property is included in an ordinance passed for the laying of sidewalks in North Prairie street by the former city council. Mr. Magnier said he had a good brick walk in front of his residence and asked the council not to compel him to tear it up and lay a concrete walk.

The request provoked a great deal of discussion among the aldermen. Ald. Flynn said he was opposed to such methods and thought the present council should take steps to prevent such injustice to property owners.

At this time Ald. Moore came in and took his place in the council.

After a great deal of discussion Ald. Graft seconded by Ald. Flynn moved the Mayor Pro Tem consult City Attorney Bellatti and have him prepare an opinion to guide the council and have it ready to present at the next meeting. The motion carried.

At this point the aldermen began to recite complaints that had come to them from various parts of the city.

Ald. Graft said that property owners had made complaint of the water being dammed between North Fayette and North Church streets so that it backed up on adjacent property.

Ald. Flynn said that Allen avenue, North East street and several other streets in the First ward had large ponds standing in them that were seeping into property owners' cellars and wells.

He wanted the superintendent of streets to give some relief.

Ald. Moore said the First ward was not the only ward in the city that had bad streets. The Third ward was also in need of help. He called attention to the railings being off the Brook culverts on South Clay avenue and Hardin avenue.

Mayor Chapin suggested that Ald. Flynn take the matter of drainage up with Superintendent of Streets White.

Mr. White said he had not intended to say anything to the council about street work until after that body was organized then he would tell them what was needed. Mr. White said he had three men and one team and that all he had been able to do was to take care of the paved streets. He was aware of the fact all of the unpaved streets needed attention but until the council provided some means for hiring men and paying them he was unable to do much.

After the discussion it was decided to wait until after the next regular meeting when it was

thought the various committees would be named and then the council could go to work in a definite manner.

There being no further business the council adjourned on motion of Ald. Flynn seconded by Ald. McGinnis.

MISS MARTHA COALE TENDERS RESIGNATION

Anti-Tuberculosis Nurse—Resigns to Take up Other Work—Succeeded Miss Olmsted in Work.

Miss Martha Coale, public health nurse in charge of tuberculosis work in Morgan county, tendered her resignation at the regular meeting of the Anti-tuberculosis society Monday evening.

The resignation came as a surprise to the society as they had no intimation of it until it was presented. Miss Coale will take up the same work in another locality.

Miss Coale studied for her work in Baltimore, Md., and was associated with Miss Olmsted in that city. She came here and took up the work three years ago when Miss Olmsted resigned.

Her work has been of a most satisfactory nature and the directors of the Anti-tuberculosis society received the resignation with regret. Miss Coale will remain here for a month unless arrangements can be made to relieve her sooner.

During her stay here she has made many friends who will regret to learn that she is to leave Jacksonville.

Dr. E. L. Crouch having returned from the military service has opened an office in the Avers Bank Building, Room 604. Practice limited to Internal Medicine. Phone 435. Residence Colonial Inn. Office hours 9 to 12 m. and 1 to 5 p. m. and by appointment.

REV E. F. CREESEY HERE

Rev. Roger F. Cressey, formerly pastor of Northminster church and now in charge of a church at Winona, Minn., is in the city for a brief visit. He is looking very well and is greeted by many former friends here.

Asked if he knew anything of the work of Rev. E. C. Pires, a graduate of Illinois College and son of the late Rev. E. C. Pires of this city, Mr. Cressey said the young man was pastor of the largest church in Erie, Penn. Its membership is 850 and 120 have been added during the first year of the gentleman's pastorate.

He is making a fine impression in the city in which he is located and has had the same experience in his previous charges. The numerous friends of the young gentleman will rejoice to know these facts.

DON'T "SCRAP" THE CHILDREN.

The human scrapheap is the despair of the American municipality. It is composed of criminals, invalids, ignorant and un-equipped workers, paupers, degenerates, loafers.

We are beyond the age when this scrap-heap of failures can be charged to the individuals which make it up.

It is not a scrap-heap of failures but of failure—the failure of the state to protect children—the pitiful waste in the manufacture of citizens from babies.

Child Welfare is not a fad or a philanthropy. It is the highest form of business and yields the richest returns to the state.

FLYLESS STORES.

In a large eastern city the experiment of encouraging flyless stores was made with excellent results. A committee of investigators visited the various places of business and a small number of flies made the place ineligible for the list. The names of the flyless ones were printed and the effort aroused much rivalry among the merchants to see who would make the best report. The same thing is contemplated here and if attempted due notice will be given.

HEALTH WEEK WORK HAS BEEN WELL BEGUN

A Superb Display at Headquarters—Posters, Food Demonstration, Moving Pictures and Lots of Visitors.

The first day of health promotion week began most auspiciously. The room for headquarters was put in shape and at one time the different ladies interested began their work of preparing the various displays and soon the place put on the appearance of a busy hive of workers for the promotion of health. Only a meager account can be given as there is so much to mention.

On the walls are hosts of posters, some from the state, some from the government, some very interesting ones brought from France and New York by Miss Olmsted and from Greece sent by Dr. Carl E. Black, and a lot of home production.

At one table were refreshments, coffee and sugar supplied by A. R. Taylor; cream by J. W. Merriam and crackers by Loose-Wiles Cracker Co.

There were charts showing causes of death in this county and they were indeed suggestive and demanded that something be done to prevent such a harvest by the grim reaper.

There was displayed on a table an outfit of inexpensive baby clothes which was impressive, showing what skill will do with a small sum of money.

There was music by a good graphophone and DeSilva's drum corps gave a fine serenade.

Some of the posters contained attractive sayings. Among them were:

"Kill that fly or he'll multiply."

"Babies need clean milk."

"Wash your hands."

"Make the world safe for babies."

The moving pictures and views were excellent, demonstrating baby foods and various phases of the all important subject.

A great many people came and went during the afternoon and evening and the rooms will be open all week and everybody will be welcome.

Today will continue as cleanup day. This evening at 9:30 on Billy Sunday lot owned by Howard Zahn and located on East Court street the bon fire is to be built.

Poster Prizes.

The following named pupils received prizes for poster work. The judges were A. L. Hood, Miss Katharine Olmsted and Miss Carrie Dunlap.

In the list given the first named under each school will receive five dollars, the second three and the others one each.

High School.

Helen Baker, Betty Palmer, Margaret Todd, Sara Morton, Hilda Ator, Katharine Wetzel, Junior High School.

Earl Hoover, Theodore Wetzel, Marion Parker, Ernestine St. John, John Moore Barbra, Helen Phelps.

5th and 6th Grade, Leslie Hogue, Josephine Milligan, Harrison Hogue, Roland Gardner, Franklin School.

Dorothy Jackson, Marie Gehring, Lafayette School, Robert Frisch.

JOHN M. DOYLE REMOVED.

John M. Doyle has removed his electric light shop and store to 217 South Main street with Vasconcellos & Sons. He is pleasantly located and has an attractive place for his business. He recently closed a contract for wiring the Methodist church in Murrayville.

CEALTH CENTERS.

Health Centers are the direct result, in most instances, of the increased interest and greatest activities in the different branches of health work brought about by the war, and of the necessity for conservation of labor, time and money.

JAMES ROUGH DIED AT WINCHESTER

Deceased Well Known Scott County Resident—Miss Shipley Weds J. H. Kendall—News Notes.

Winchester, May 12.—James Rough passed away at his home Sunday afternoon at 1:30 o'clock, after a short illness. He suffered a paralytic stroke Friday morning and gradually grew worse until death came as noted. When the deceased had been in poor health many months, yet he was able to ride out nearly every day, and his death comes as a shock to his family and the community.

Mr. Rough was born in Bethel township, Bedford county, Pa., April 8, 1846, and was therefore aged 73 years, 1 month and 2 days at the time of his death.

The deceased was married to Miss Sarah E. Coultas March 9, 1865. He had been a resident of Scott county since 1864, and had been for many years a successful farmer. For a long period he lived at his pleasant country home a mile and a half east of Winchester. The deceased retired from active work in 1917, when he with his family moved to Winchester and purchased a home in the north part of town where the family home has since been maintained.

Mr. Rough is survived by his wife and two daughters at home, Misses Belle and Kate Rough, and another daughter, Mrs. Warren Morris, living west of town. The deceased was a man well known in both Scott and Morgan counties and because of his fine character had the high regard of all who knew him. He was devoted to his home and family and his wife and children have the sympathy of all in their bereavement. A further obituary notice will appear at a later date.

The funeral will be held at the M. E. church Wednesday afternoon at 3 o'clock, Rev. C. W. Caseley officiating.

The remains of the late Albert Carlton were brought to Winchester Saturday night from Indianapolis, Ind., for interment in Winchester cemetery. The remains were accompanied by relatives of the deceased, who was a brother of Mrs. John Shibe living west of Winchester. His mother preceded him in death Feb. 14.

Mrs. Frances Chumley visited relatives in Jacksonville Saturday and Sunday.

The marriage of Miss Mamie Shipley, a daughter of Mr. and Mrs. John Shipley, living north of Winchester, to John H. Kendall of Coatsburg, occurred Saturday morning at the Methodist parsonage, Rev. C. W. Caseley officiating. The bride graduated from Winchester high school and is well and favorably known both in this city and her home neighborhood. Mr. Kendall has but recently been released from the army service. The young people have many friends who will extend hearty congratulations.

Mr. and Mrs. C. N. Priest and daughter, Miss Enia, of Jacksonville, were visitors here Monday. Jesse Evans visited friends in Beardstown Sunday.

Charles Hieronymous and daughters, Misses Amelia and Olga, and son George, were guests at the home of Mr. and Mrs. Mike Cleary Sunday.

The funeral of Mrs. Ann Brown was held at 3 o'clock at the Baptist church in Glasgow Monday afternoon. Rev. W. R. Johnson had charge of the service. There were largely attended by friends of the deceased. The pall bearers were six cousins of the deceased. Music was furnished by Mrs. George Bowman, Mrs. Willis, Mrs. Mullens and Mrs. Lettze.

PREPARING FOR CITY STATEMENT

W. Mayors, a representative of Price-Waterhouse & Co., expert accountants, came to Jacksonville yesterday. Mr. Mayors will spend several days looking over the city records and will make suggestions for the compilation of certain records. When these figures are completed he will return for some additional work preparatory to making out a financial statement for the city.

Road District 11 poll tax is due and must be paid by June 1st to clerk of Murrayville bank.

FIRST WARD DEFEATS SECOND WARD BOYS

The first ward defeated the second ward at baseball Monday afternoon by a score of 11 to 4. The first warders won by hard hitting of Williams, Sellers and Baptist getting home runs. Angelo, pitcher of the first ward held his opponents safe at all stages.

Fred J. Mollenbrock is here from Detroit for two weeks' visit at the home of his parents, Mr. and Mrs. F. W. Mollenbrock on West Lafayette avenue.

Dr. E. B. Landis will leave this morning for St. Louis to attend a committee meeting prior to the opening of the Presbyterian General Assembly Sunday.

MUST FILE VICTORY LOAN REPORTS AT ONCE

Record Will be Closed Wednesday—No More Figures Until Totals Have Been Compiled.

The Victory Loan total for Morgan county, as already stated, may run to \$360,000 over-subscription. Chairman Capps said last night there would be no detailed statement of subscriptions for the next few days, in fact until a complete and final report is ready. A number of subscriptions came thru to headquarters Monday and others may continue to filter in for a few days, but it is the earnest desire and request of the organization that all subscriptions in the hands of any of the selling agencies of the city or county not yet turned in be furnished to headquarters not later than tomorrow, May 14. This request is very important in order to make it possible for the work to be finished up. After Wednesday the record will be closed and any delinquent subscriptions must be turned in to the banks direct.

Purchasers of bonds are asked to remember that the 10 per cent deposit was due and payable to the banks where subscriptions were made May 10. Chairman Capps said yesterday, "It is to be noted that the banks of the county have come forward splendidly in the campaign and it is no secret that they will gladly hold such securities as the Fifth Victory bonds as investments, and the only reason that they cannot hold them more largely is the fact that the government will continue to depend upon the banks for funds until the war financing is over."

WEDDING WILL BE OBSERVED IN JUNE

Announcement Made of Engagement of Miss Ann Elizabeth Andrews to Mr. Edward Warfield Brown.

Jacksonville people were greatly interested in the announcement appearing in the Chicago Tribune Monday of the engagement of Miss Ann Elizabeth Andrews, Evanston, to Mr. Edward Warfield Brown, Jr. of this city. The Tribune's notice, which was accompanied by a two column picture of Miss Andrews, was as follows:

"Mr. and Mrs. O. F. Andrews of 1006 Forest avenue, Evanston, announce the engagement of their daughter, Ann Elizabeth, to Edward Warfield Brown Jr., son of Mr. and Mrs. Edward W. Brown, of Jacksonville, Ill. Miss Andrews, who was a student at Northwestern university, has been in war work with the British ship board for the last year, and was commended for her service by the British government. Mr. Brown recently received his discharge from the officers' training school at Camp Zachary Taylor, Ky."

Several weeks since Miss Andrews was a guest at the Brown home and Jacksonville people who met her at that time were impressed with her personal beauty and forcefulness.

Mr. Brown is the only son of Mr. and Mrs. Edward W. Brown, 1042 West State street, and so is a member of one of the best known and most influential families of Morgan county. This has always been his home and after graduating from the high school he became a student at Illinois college and finished the junior year. Then he matriculated as a senior at Northwestern university and was with the S. A. T. C. Subsequently he went to the officers' training school at Camp Zachary Taylor, Ky., and was there when the armistice was signed and subsequently received his discharge. The wedding, it is understood, will be solemnized in June.

JAMES R. WATT PASSED AWAY MONDAY A. M.

Well Known Citizen Dies After Brief Illness—Funeral Wednesday.

James R. Watt of 518 South Diamond street, a well known resident of the city, died at Passavant hospital at 8:49 o'clock Monday morning after a brief illness. Mr. Watt was attending to his business affairs until a few days ago when he went to the hospital for treatment. His condition was not regarded as serious at the time but a change for the worse came and death resulted.

Deceased was born in this state May 4, 1853 and was at the time of death 66 years and 8 days old.

He was united in marriage at Litterberry to Teresa McEllen who survives, together with one son, Floyd Watt who recently returned from overseas service. He also leaves two brothers, A. A. Watt of this city, William Watt of Cincinnati, Ohio and one sister, Mrs. S. C. Haynes of Greenville.

For many years Mr. Watt was collector for the banking house of

F. G. Farrell & Co. When he left that position it was to become secretary for the Y. M. C. A., a position he held for several years. For a number of years he has conducted the cigarette shop on East State.

Mr. Watt was a member of Central Christian church and was always active in all branches of church work. He was a man who made many friends and was highly regarded in the community.

The remains were taken to Gillham's undertaking parlors and prepared for burial. Funeral services will be held from the residence Wednesday morning at 10:30 o'clock in charge of Rev. Myron L. Pontius with burial in Diamond Grove cemetery.

RULING ON HOME BEER MANUFACTURE

Internal Revenue Bureau at Washington Will Not Countenance Such Manufacture, Though Entirely for Home Consumption—Druggists Not Exempt From Tax.

Collector of Internal Revenue J. L. Pickering received on May 9th official rulings from the internal revenue bureau at Washington regarding the manufacture of beer entirely for home consumption from recipes. The department holds that it will not countenance any such manufacture.

The same letter from the department contains a schedule of fines regarding the tax of \$500, in addition to present taxes, on the selling of liquors, beers, etc., in local option territory. The letter of the commissioner is as follows:

"Receipt is acknowledged of your letter dated April 28, 1919, stating that many inquiries are being received by you from persons interested in the manufacture of beer at home through the use of malt extract recipes, and asking whether it is permissible to do this under any condition, and if so, what are the conditions. You further state that numerous druggists are claiming exemption from the payment of the \$500 additional tax imposed under section 1001, paragraph 12, Revenue Act of 1913, who have sold and offered for sale distilled spirits in territory prohibited by state, local or municipal laws, but who have been given a permit to make such sales by the city or village council." You ask if the fact that a permit has been issued by the city council necessarily exempts a druggist from the payment of the additional tax. You state that others are claiming exemption on the ground they sold spirits on physicians' prescriptions, and ask if it is necessary under these conditions that the spirits should be sufficiently medicated.

"With respect to your first question, relative to the manufacture of beer, you are advised that this office cannot in any way countenance such manufacture. In the cases which have heretofore been presented to this office, those manufacturing beer in accordance with the recipes submitted would be guilty of having in their possession a mash fit for distillation, and, therefore be liable as illicit distillers. Those who furnish them with the recipes would be guilty of aiding and abetting violations of internal revenue laws and punishable as participants in the crime.

"With respect to your second question, you are advised that section 1001, paragraph 12 provides as follows: "Every person carrying on the business of a brewer, distiller, wholesaler, liquor dealer, retail liquor dealer, wholesale dealer in malt liquor, or manufacturer of stills as defined in section 3244 as amended and section 3247 of the revised statutes, in any state, territory, or district of the United States, contrary to the laws of such state, territory or district, or in any place therein in which carrying on such business is prohibited by local or municipal law, shall pay, in addition to all other taxes, special or otherwise, imposed by existing law or by this act, \$1,000."

"The payment of the tax imposed by this subdivision shall not be held to exempt any person from any penalty or punishment provided for by the laws of any state, territory, or district for carrying on such business in such state, territory, or district, or in any place therein in which carrying on such business is prohibited by local or municipal law.

"The taxes imposed by this section shall, in the case of persons upon whom a corresponding tax is imposed by section 407 of the Revenue Act of 1916, be in lieu of such tax.

"So long as there has been no violation of state or municipal laws, no tax is due. You are referred to Min. 24059, which states that in case of doubt as to whether or not the liability to this special tax has been incurred, the proper state officer is to be consulted, as well as the United States attorney.

"With respect to the medication of spirits, you are advised that spirits must be properly medicated to avoid liability as retail liquor dealers under the internal revenue laws. The tax provided by paragraph 12 has reference to state and local laws. Medication may not be sufficient to exempt an individual under state laws. The test in all cases is whether or not the business is carried on contrary to the laws of the state, territory, or district of the United States, or in any place therein where the carrying on of such business is prohibited by local or municipal law."

CLEAN UP WEEK.

On request of C. St. Clair Drake Director of the State Board of Health, the Village Board of South Jacksonville requests all residents of said village to clean up their premises during the week commencing May 12th.

BRIEF PARAGRAPHS FROM LITERBERRY

services for their mother. The Surprise Party for Mr. Gunter—News Notes.

Litterberry, May 12. — Mr. Gunter had a birthday Friday and Mrs. Gunter and children surprised him by inviting some of the friends in to spend the evening. Some one asked Mr. Gunter how old he was and he replied "thirty seven years old today." There were about twenty persons present and a nice social time was spent. Refreshments were served at the proper time and were of the best.

Rev. Smith of Greenfield filled his regular appointment at the Baptist church Sunday morning and evening. There were 94 in the Sunday school Sunday morning. A short service was held just after the lesson on "Mother's Day." Mrs. Underbrink read a very nice piece on "Mother's Cross." The children sang a good song, "Just Before the Battle Mother," and Freda May Daniels spoke a nice piece about "Mother's Love." The school sang "Home Sweet Home." The Sunday school loves their efficient superintendent so well that they voted to send her to the state Sunday school convention at Rock Island, and pay all her expenses. The convention will be in June.

Mrs. E. Cully of Ebenezer attended Sunday school at the Baptist church Sunday and was one of the "Golden Rule" class.

John T. Tipton of Concord called on friends here Saturday morning on his way to Arenville. J. M. Litterberry drove W. E. Murray's Overland car to Jacksonville Sunday afternoon, taking Mr. and Mrs. Murray and Mrs. Guy to visit James Watt at the Passavant hospital. Mr. Murray remained with the sick man but Mrs. Murray and Mrs. Guy returned home.

Dr. Obermeyer was called to see Miss Louise Ray on Sunday morning.

Mrs. C. A. Beavers and James Robert are visiting at Beverly with her mother, Mrs. Sykes.

C. P. & ST. L. DUMP ON FIRE.

The dump at the C. P. & St. L. shops was found to be on fire Monday morning. The fire evidently started some time Sunday night or early Monday morning as there was no indication of fire Sunday.

The dump is all filled in ground and has for a foundation many old timbers and other debris of an inflammable nature. It was on fire several years ago and after a large amount of water had been thrown on it without effect, dynamite was used.

Superintendent Imgrund profiting by his former experience dynamited the dump Monday afternoon. Chief Hunt then sent one of the trucks to the shop to extinguish the blaze.

MISSIONARY LECTURE

Illustrated

Another very interesting lecture with stereoscopic views was given at the Congregational church Sunday evening. This time the subject was India and a list of fine stereoscopic views accompanied an interesting lecture by the pastor, Rev. W. E. Collins. The views were very good and gave one an additional idea of the great work of foreign mission. The stereoscopic was managed by Prof. Hibbert and gave good results.

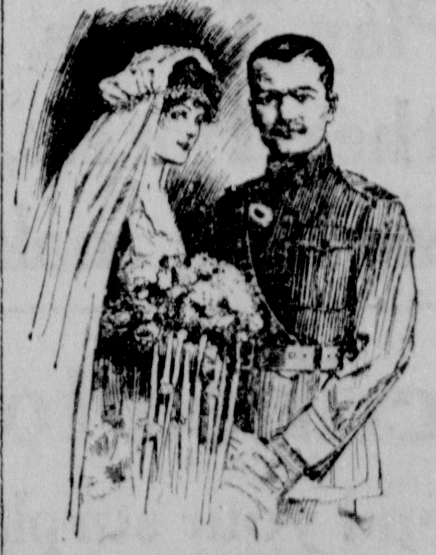

PRECINCT S. S. CONVENTION AT CONCORD

According to announcement the precinct convention was held at Concord Sunday afternoon in the M. E. church with a large attendance and the program as printed in the Journal was principally carried out. C. L. DePew represented the State Sunday School Association and other speakers were also heard with interest.

Officers for the precinct were elected as follows:
President—Bert Way.
Secretary—Miss Edna Wilson.
Treasurer—A. W. Smith.

REMEMBER WEDNESDAY NIGHT EVERYBODY

Be Sure to be at the Red Cross Rooms Library Building—Welcome Home to Soldier Boys.

Attention is again called to the mass meeting to be held at the Red Cross rooms in the public library building Wednesday evening when steps are to be taken to arrange for a suitable welcome home to the soldier boys of the late war. There should first of all be a gathering of all the heads of societies and organizations of every kind whatsoever. This should be a movement bearing the endorsement of all people of all sorts, names and nationalities. Let it be hearty, large and spontaneous.

H. T. RAINEY HERE.

Congressman H. F. Rainey of Carrollton was in the city Monday calling on M. F. Dunlap and other friends.

GOOSE GREASE AND TURPENTINE STILL CURE COLDS

For many generations the old-fashioned goose grease and turpentine have relieved colds by drawing the blood from congested throat and lungs to the rugged outer walls of the chest, a decided improvement generally being effected over night.

Thousands who have depended on these remedies and declare that no better ever has been discovered, now find that the addition of Menthol, wintergreen and other soothing, balmic oils and essences greatly aids the work of goose grease and turpentine. Their fumes are inhaled among the sensitive tissues and relief begins almost instantly.

This combination is called Men-Tho-Eze, and sufferers from colds and similar complaints find it invaluable for quick relief. In opal jars, 50c and 60c.

Here is One Thing That is Absolutely Impossible.

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be

You never knew of rheumatism that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that rheumatism is a disordered condition of the blood. How then can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of rheumatism. It cleanses and purifies the blood by routing out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 431 Swift Laboratory, Atlanta, Ga.

Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarette aftertaste or any unpleasant cigarette odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages of 200 cigarettes in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

A Few Oakland Facts

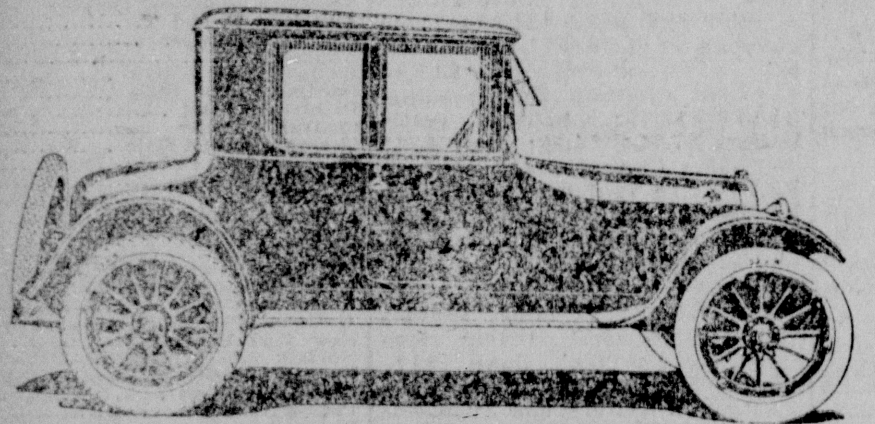

There are many facts which the prospective automobile buyer must bear in mind, but the most important of all is to know the type of engine he should get and why.

The Oakland "Sensible Six" carries a six-cylinder engine, it having been found that such an engine gives greater satisfaction and better results than any other type. There is ample power for all purposes, rapid acceleration, flexibility on high gear, smoothness and lack of vibration, simplicity, accessibility to vital parts, freedom from trouble, economical operation and low first cost. The Oakland is the only "Six" car today selling under \$1200—it is a leader.

The Oakland is foremost in light-weight construction, yet retains beauty and sturdiness. The features found in the Oakland are those which usually are looked for only in the higher priced cars. The bodies of the various models are unusually roomy, wide, deep seats and large doors. Upholstery and finish is all that can be desired.

Taken altogether, the Oakland "Sensible Six" meets all the needs of motor car users better than any other car of anywhere near its cost, possessing all those qualities which make for true comfort, convenience and service. It has greater proportionate power for weight, in all models, than any other car built with but one exception, and that is the car which sells for approximately \$4,000.

There are many facts which the prospective automobile buyer must bear in mind, but the most important of all is to know the type of engine he should get and why.

Words of Appreciation

Local Man Praises Auto's Fine Record

The following self-explanatory letter has just been sent unsolicited to J. F. Claus:

Jacksonville, Ill., May 10, '19.

J. F. Claus Motor Co.,

City.

Gentlemen:

I have been fully convinced by demonstration given me this day by J. F. Claus with the Oakland "Sensible Six", by riding up the "Arenville Hill" on "high" and without changing or shifting the gear. I have driven a number of cars, and ridden with a number of persons in their cars, and they always had to go to "first or second" gear to make this hill.

Yours very truly,

(Signed)

W. A. MASTERS.

An Expert Mechanic Praises the Oakland

If you are contemplating the purchase of a car, I want to tell you about one that is certain to please. It is the Oakland "Sensible Six," the most popular automobile of the day, at anywhere near its price. It is easy on tires and takes but little gasoline, yet it has tremendous power. A fully equipped car built for service and yet one that you need never feel ashamed to pull up alongside the highest priced. The car for daily use, and the price never will give you sleepless nights. Many of your neighbors soon will be driving these cars, for wherever introduced Oaklands sell like peanuts at a county fair.

Another thing, I have worked on the engines of practically every make car run in this territory and am free to say I never saw anything to equal the beauty, reliability, power and smoothness of the Oakland's engine, and the little trouble given its drivers. From a mechanical standpoint I consider the Oakland to be about perfect.

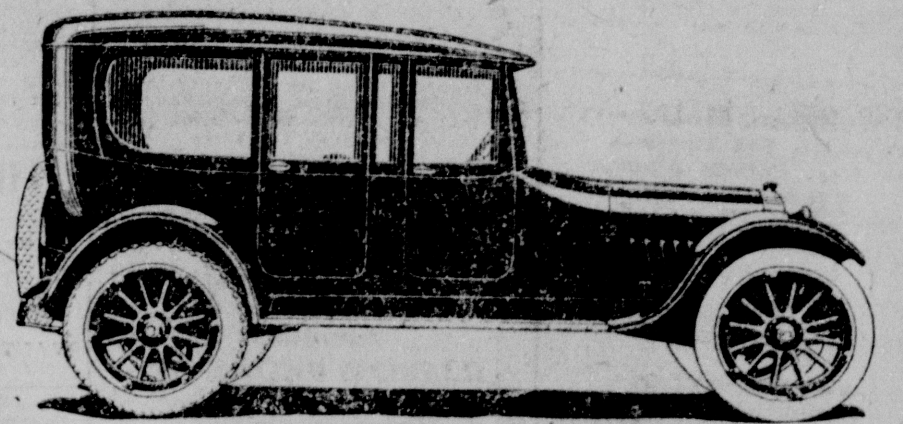

(Signed)

ABNER KING.

From County Agents Office

District Conference of County Agents—Dr. George N. Coffey, State Leader of County Agents and Vernon Vanniman have arranged a district conference of county agents to meet at the St. Nicholas Hotel, Springfield on May 13th and 14th. The development of county projects, community organizations and the organization of executive committees will be prominent topics considered. The Morgan County Agent will attend this meeting.

Germination of Soybeans—Complaints have been made in some localities that soybeans did not germinate well this spring. We have made tests of those purchased thru this office and have found that they germinate satisfactorily. However, it will be a good plan to make tests before planting.

The European Corn Borer—Probably the most injurious plant pest that has yet been introduced into this country. It is now known to be present in an area of about 320 square miles near Boston, Mass. Unless repressed and restricted it may spread thruout the country and cause serious and widespread losses to the corn crop.

The larvae or borers tunnel thru all parts of the corn plant and destroy or severely injure the ears and stalks. The pest also attacks celery, Swiss chard, beans, beets, spinach, oats, potatoes, tomatoes, turnips, dallas chrysanthemums, gladiolus, geraniums, timothy and certain weeds and grasses.

There are two generations each year, so that multiplication and spread are rapid, especially as very few of the borers are destroyed by natural enemies. The winter is passed in the larva or borer stage within infested plants.

To suppress this pest burn or otherwise destroy during the fall, winter, or spring all corn stalks, corn stubble, crop remnants and stalk of garden plants, weeds or wild grasses within the infested areas likely to harbor the overwintering borers. Work of this kind is now being conducted by the Federal, State and local authorities, and the hearty co-operation of all property owners, tenants, or other interested persons is earnestly solicited. This work must be done thoroughly. The borers in a few over looked plants may increase by the end of the season to as many as were present before the cleanup.

To prevent the spread of the insect, quarantine measures both Federal and State, must be strictly enforced to prevent shipment of infested plants or plant products out of the area now infested.

Imprisonment for 5 years and a fine of \$5,000 are the penalties provided by law for the intentional transportation of this pest.

Mr. and Mrs. T. A. Desmond and Mrs. E. R. Desmond of Edwardsville were Monday visitors in the city.

If it hasn't this trademark, it isn't a Victrola

You can readily identify the Victrola by the famous Victor trademark, "His Master's Voice." It is not a Victrola without the Victor dog. This trademark is on every Victrola. It guarantees the quality and protects you from inferior substitutes.

The word "Victrola" is also a registered trademark of the Victor Talking Machine Company. It is derived from the word "Victor" and designates the products of the Victor Company only.

As applied to sound-reproducing instruments, "Victrola" refers only to the instruments made by the Victor Company—the choice of the world's greatest artists.

Look inside the lid—insist upon seeing the famous Victor trademarks. On the portable styles which have no lid, the Victor trademark appears on the side of the cabinet.
